

PRESS RELEASE-SENTINEL TRIBUNE NEWSPAPER

Sanitary Sewer Smoke Testing Village of Weston

The Northwestern Water and Sewer District will be performing sanitary sewer smoke testing during the week of July 16, 2007.

Public and private properties will be checked for storm water connections.

Should “smoke” enter your home while testing please be advised that it is non-toxic, non-corrosive, non-staining and non-irritating. To prevent smoke from entering your home during testing, pour water into any traps or drains located within your home.

Areas where the smoke testing will be performed are Oak Street east of Silver, Broadway Avenue, Taylor Street and Sand Ridge Rd.

Please call the maintenance department at (419) 354-9090 should you have any questions or concerns
