

TREATMENT PROVIDER RATES JANUARY 13, 2012

CITY OF TOLEDO

The City of Toledo has scheduled rate increases in effect for the years 2011 through 2014. The 2012 rates will be billed beginning with the April 2012 billing period. To view the City's water and sewer rate schedules, please click [here](#) to visit the City of Toledo website.

For water charges, the rate will increase by 9% each year through 2014. The rates charged to customers of the District who use Toledo water are also subject to a surcharge. This is an additional amount added to the inside Toledo rates. The amount of the surcharge is dependent on the location of the property.

For sewer charges, the rate will increase by 3% each year through 2014. The District bills these charges on behalf of the City of Toledo, and remits the amounts collected back to the City on a quarterly basis.

CITY OF BOWLING GREEN

The District purchases water and sanitary sewer services from the City of Bowling Green.

The District purchases water on a master meter basis from the City. Their charge is included as part of the District charge noted in the rate schedule. To view their water rates, please click [here](#) to visit their website.

The District also purchases sanitary sewer services on a master meter basis from the City. The charge per 1000 cubic feet for sewer increased to \$20.00 effective January 1, 2012. To view their sewer rates, please click [here](#) to visit their website.

CITY OF OREGON

The District purchases water on a master meter basis from the City of Oregon. Their charge is included as part of the District charge noted in the rate schedule.

The District is also the billing agent for Oregon's sewer charges. The City sets the sewer rates billed to District customers using the Oregon wastewater treatment plant. All amounts collected are remitted directly to the City of Oregon on a quarterly basis.
