Village of McComb Owners, Business Owners & Residents:

Re: Wastewater Treatment Plant Replacement Project

Dear Owners and Residents:

The Northwestern Water and Sewer District ("The District") will be constructing a new wastewater treatment plant in 2018 to serve your area. This new plant will replace the existing facility which is beyond its useful life and will satisfy the Ohio EPA's Schedule of Compliance requirements including the elimination of bypass pumping.

A public meeting has been scheduled for Wednesday, February 28, 2018 at 6:30 p.m. at the McComb American Legion, located at 323 S. Todd Street, McComb, Ohio. At this meeting, we will share project information including design, costs and a project timeline. You are invited to attend and hear this information.

Sincerely,
THE DISTRICT

A handwritten signature in blue ink, appearing to read "Jerry Greiner". The signature is stylized and overlaps the text "THE DISTRICT" above it.
