Friday, March, 2017

FOR IMMEDIATE RELEASE

Northwestern Water and Sewer District Road Work

BOWLING GREEN, Ohio, - The Northwestern Water and Sewer District (the District) delivers water and sewer services to over 19,000 customers in Wood, Sandusky and Hancock counties. Although many of our construction and maintenance projects are performed underground, our utility work can impact roads throughout our area. The District will announce updates and when additional projects are under contract. Updates and additions are highlighted in bold and underlined. The below is a current list of active and upcoming construction projects that impact traffic:

Wood County

Lake and Perrysburg Township - Tracy Road Sewer Maintenance

RESTRICTIONS START MONDAY

Effective the week of March 20 through April, single lane and shoulder restrictions are possible on Tracy Road between State Route 795 and Ayers Road for sewer maintenance. The closure of Tracy Road, between State Route 795 and Ayers Road has been postponed and will be announced. Project complete: July.

Village of Bairdstown – Sewer Installation

Through April, daytime, intermittent lane restrictions are possible on SR 18, between Bushey Road and Leathers Road for sewer installation. Traffic will be maintained by automated signal. Daytime intermittent lane restrictions and short-term closures are also possible on local streets in Bairdstown for sewer installation. Project complete: June.

City of Northwood – Equalization Basin

Through July, intermittent lane restrictions are possible East Plaza Boulevard and Wise Street, near former Woodville Mall, for construction equipment staging. **Through May, shoulder work is possible on Curtice Road, between West Pointe Drive and Bradner Road for sewer work.** Project complete: August.

Williamsburg-On-The-River Subdivision, Washington Township

Through August, intermittent, short-term lane restrictions are possible in the Williamsburg-On-The River subdivision, between Sugar Creek Road and SR 235, for sanitary sewer rehabilitation. Project complete:

September.

Rossford/Northwood Waterline Testing

Effective Monday, April 3, through Friday, April 7, short-term, intermittent, daytime lane restrictions are possible on East Broadway Street from Andrus Road to SR 795, on SR 795 from East Broadway Street to Glenwood Road and on Glenwood Road from SR 795 to Indian Ridge Trail for waterline testing. Traffic will be maintained by law enforcement. Project complete: April.
